Dual solder wave  
Ceramic coated pot with titanium nozzles to prevent corrosion  
Dross management system  
Internal lighting  
Roll out solder pot  
Teflon bearings around solder pump shafts to prevent friction between shaft and solder (No nitrogen, CO2 OR Oil required)  
Excellent accessibility for cleaning with open front aspect  
CE design and approval  
12 months warranty on parts and labour  
Commissioned  
Operator, Software, maintenance training  
Process set up training for optimum soldering  
Includes delivery and duty.

**List Price £39,920.00**

**Special Offer until April 2010 £29,950.00**

**Includes delivery, training, commissioning and 12 month parts and labour warranty.**

**Special Promotional offers – Contact Peter Bagshaw 07726202036**

## **Heller Industries 1500 Reflow soldering machine.**

### **Excellent condition**

**5 heating zones – top and bottom**

**300mm cooling**

**Edge hold conveyor and mesh belt combined**

**SMEMA electrical**

**Auto lubrication**

**Windows PC Control**

**1.8 metres heated length**

**Lead free capable.**

**Ex works ZPEL Oldham**

**£9,800**
